

EN BURRA Active Age Defense Night Cream serves as an ideal combination of active ingredients balanced in such a way that they soothe, nourish, and regenerate skin throughout the night as well as remove signs of fatigue. The cream has a rich texture, does not contain parabens and is formulated according to the physiological needs of skin.

BURRA Night Cream contains special active principles, ***Euglena gracilis* green algae extract**, which promotes skin regeneration, increases tone and firmness and removes signs of fatigue, **Caprooyl Tetrapeptide-3** which promotes the natural synthesis of key dermo-epidermal components, **hyaluronic acid** and **beta-glucan**, anti-aging components, as well as **marula and argan oil**, rich in antioxidants.
