

AQUA ICE COMPLEX GEL

Ingredients (INCI): Aqua, Alcohol, PEG-40 Hydrogenated Castor Oil, Menthol, Carbomer, Triethanolamine, Gaultheria Procumbens (Wintergreen) Leaf Oil, Camphor, Eugenia Caryophyllus, Eucalyptus Globulus Oil, Pinus Sylvestris Needle Oil, Citrus Medica Limonum Oil, Salix Alba Bark Extract, Arnica Montana Extract, Disodium EDTA.

Effects: Aqua Ice Complex gel contains **wintergreen leaf oil, eucalyptus, pine, clove, lemon, arnica extract and white willow bark**, as well as **menthol and camphor**. Thanks to such complex formulation of active substances, it helps alleviate problems caused by crushing, spraining, and sports injuries. It acts positively on stiffness and tension in the muscles, joints and bones. It has double efficiency because right after application it causes cold feeling, and shortly after that it provides pleasant feeling of warmth.

Wintergreen essential oil contains 99% of methyl salicylate which is traditionally used for reducing rheumatic problems, relaxation of tensed muscles and painful joints. By synergistic action with **white willow bark extract**, which also contains methyl salicylate, it has anti-inflammatory and analgesic properties.

In combination with **eucalyptus, pine and clove essential oils**, it stimulates circulation and additionally contributes to alleviating the discomfort.

Arnica flower extract alleviates swelling and bruising as the result of crushing, spraining, and sports injuries and it calms the skin.

Instruction for use: Apply the gel on dry and clean skin, in thin layer and gently massage. Repeat 2-4 times a day. The gel has a pleasant, aromatic smell, it is easily smeared, it doesn't stick and paint clothes.

Best before: 3 years from the manufacturing date

Storage: Keep on room temperature, below 25°C, out of the reach of children.

Packaging: Tube with 100ml of gel.

Note: For adults and children above 12 years of age. For external use only. After application rinse the hands with cold water and soap. It shouldn't be applied to damaged skin, as well as mucous, eyes and nose. Do not use in the case of hypersensitivity to some of the ingredients in the product. It is not recommended for pregnant and breastfeeding women.
