

**BURJA SUN**

**SPF 50+ UVA/UVB**

**FACE & BODY MILK**

**PARABEN FREE**

**Protect & hydrate**

**50 ML**

**EFFECTIVE FACE AND BODY SUN PROTECTION, FOR THE WHOLE FAMILY**

**BURJA Sun Face & Body SPF 50+ milk** for face and body sun protection, protects from harmful ultraviolet and infrared radiation, synergistically by chemical and mineral filters.

### **Solaveil Technology**

The formulation of the product **BURJA Sun Face & Body SPF 50+ milk** for face and body sun protection is based on Solaveil technology. Thanks to innovative technology the milk does not leave white stains on skin after application, because of inorganic mineral UVA/UVB filter **titanium dioxide**. Organic and inorganic UV filters in the product synergistically provide high protection during exposure to sun rays.

Waterproof formulation stays on the skin even after getting out of the water.

**Mountain cranberry stem cells** protect from IR rays and together with ectoin have antioxidative effect, preventing photoaging of skin. They provide strong defence from harmful UVA/UVB and IR-A sunrays, they prevent dehydration of skin and have antioxidative effect.

**Ectoin** is a natural substance isolated from a bacteria that lives in extreme conditions of UV radiation, temperature and salinity and stabilizes its cells by synthesizing ectoin. This substance strengthens the barrier function of the skin, it protects its immune system and provides long hydration effect.

**BURJA Sun Face & Body SPF 50+ milk** for face and body sun protection has a high potential of UVA/UVB and IR-A protection and intensively hydrates the skin. It is recommended for all skin phototypes. It effectively protects child's skin, and sensitive, light, hyperpigmented skin of adults. In addition, active ingredients ectoin, shea butter, squalane and vitamin E protect the skin from UVA/UVB rays.

Innovative texture provides easy application and absorption, it doesn't leave greasy marks, occlusive film nor white marks on the skin.

**Ingredients (INCI):** Aqua, Titanium Dioxide, Octocrylene, Ethylhexyl Methoxycinnamate, Avobenzene, Glyceryl Stearate, Oleth-10, Isodeceth-6, Glycerin, Polyester-7, Neopentyl Glycol Diheptanoate, Ceteryl Alcohol, C12-15 Alkyl Benzoate, Caprylic/Capric Triglycerid, Olea Europea (Olive) Fruit Oil, Ceteareth-20, Ceteareth-12, Cetyl Palmitate, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Parfum, Phenoxyethanol, Tocopheryl Acetate, Panthenol, Butyrospermum Parkii (Shea) Butter, Vaccinium Vitis Idaeae Fruit Extract, Dimethicone, Xanthan Gum, Sodium Benzoate, Citric Acid, Gluconolactone, Calcium Gluconate, Aluminium Stearate, Alumina, Simethicone, Hydrolyzed Wheat Protein/PVP Crosspolymer, Squalane, Polysorbate 60, Ethylhexylglycerin, Disodium EDTA, Ectoin, BHT, Coumarin

**Instrucion for use:** Apply BURJA Sun Face & Body SPF 50+ milk for face and body sun protection 15 minutes before exposure to the sun. The product should be applied evenly on the skin on every exposed body part. It is especially important to pay attention when applying the product on the parts of the skin that are hyperpigmented or hypopigmented (birthmarks, freckles, vitiligo, stains).

For best effect it is advised to apply the milk every two hours.

**Storage:** Keep on temperature below 25°C, out of the reach of children.

**Best before:** 3 years from manufacturing date.

**Packaging:** airless bottle 50 ml
